Hi Victor!

I'm Barb Cherino. I live at 5058 Adams Street, Denver.

I was hoping that you could help me get some information as to approximately when the work would be done at my property?

I left a message for the scheduler but have not heard anything. I haven't watered the lawn for obvious reasons and with small children in the home and summer in full swing, it's a little tough to keep them indoors.

If you could get back to me that would be great and I truly would appreciate it.

Thanks and have a great day!!!
